

Saturday Marks Licence Deadline

Interesting Story Told About Early City Plate

Get your car plates by the week-end or face prosecution.

The warning came today from R. C. Arthur, deputy provincial secretary.

By the Saturday deadline, authorities will have allowed motorists two weeks' grace in getting their new licences.

Licencees, due April 1, went on sale March 20 at the long registration office in the Administration Building, and at other provincial offices in Alberta.

Plates are now being issued in the 115,000 series at the Edmonton office.

Plate number 1 went as usual to J. H. Morris, 248 134 street, whose father, the late J. H. Morris, owned the first car operated in Alberta.

Like circus

Mr. Morris, pioneer Edmonton business man, brought the car by express from Winnipeg in 1903, and the early motorist had it loaded at St. Albans and had it ferried across the river.

The early motorist, Fred Ford, created a sensation in the city.

Riding in it was just like being a performer in a circus parading his widow, Mrs. J. H. Morris, recalled today.

No licence plates for automobiles were issued until about 1906, Mr. Morris said. Her husband, as first car owner, had the privilege of buying the first No. 1 plate, and the custom has been carried on by her son.

Another licensing custom carried on here is the granting of a plate bearing the current year's license number to the holder of a license.

They were commanded by Gen. Sir John Dill, who later became governor-general of Canada.

Designation to the lieutenant-governor.

Licence numbered 1890 has also been issued long to Lieut. Gov. J. H. Boush for his official car.

Mark Victory Vimy Ridge

Capture of the famous Vimy Ridge by the Canadian Corps on April 9, 1917, was commemorated in Edmonton, yesterday.

Representatives of the Canadian Corps Association assembled at the cenotaph, where a memorial wreath was placed at the foot of the marker by the association president Albert Poir.

Short memorial service was conducted by H. Rev. W. F. Barfoot, Assistant Bishop of Edmonton.

Former members of the Canadian Corps bugle band, Cyril Turner, sounded the "Last Post."

Military experts relate the storming of the battle of Vimy as one of the greatest exploits in history. The French Army had twice failed to take Vimy Ridge. The success of the Canadian Corps marked the first time during the First Great War the Canadians had acted as an army corps.

They were commanded by Gen. Sir John Dill, who later became governor-general of Canada.

Designation to the lieutenant-governor.

Licence numbered 1890 has also been issued long to Lieut. Gov. J. H. Boush for his official car.

Muir Again Big Winner In Piping Competition

Proudest Scot in Edmonton at Easter was 15-year-old Walter Muir, 8303 Rowland Road.

Police To Aid Provincial Safety Drive

Canada's first province-wide motor vehicle inspection campaign will get underway in Alberta April 15.

RCMP, city and town police will cooperate in a joint campaign in "every part of the province," that will continue until "every car and truck" has been inspected in a safe condition with respect to brakes, lights, horns and rear-vision mirrors, Alberta Safety Council officials announced today.

During the campaign motorists will be asked to have vehicles voluntarily inspected at service stations or garage "inspection centres" approved by the safety council.

POLICE STEP IN

Motorists will have 16 days—from campaign opening to May 14—to obtain a "clearance" sticker from inspection.

The cost will be 25 cents to cover campaign expenses.

After May 14, the police step into the picture. Motorists without stickers will be stopped and cars inspected.

After that they will have six more days to get into an inspection station and pass the examination.

When that time expires they will be liable to summonses if they fail without the safety stickers.

Losses Small In Break-Ins

Losses were small in a number of break-ins reported to police over the week-end by city firms.

W. Slipchuk, proprietor of the Devon Cafe, 1020-97 street, told police thieves escaped with a quantity of cigarettes after breaking a plate glass window in the front door to gain entry to building.

Upstairs tenant said she came downstairs when she heard noise at 10:15 p.m. Saturday and surprised a woman standing in the entrance and a man just coming out of the cafe.

The pair disappeared down 91 street, the informant said.

In another break-in, thieves took \$6 in silver from Saskatoon barber shop, 1032-97 street, in the next block to the cafe. They were reported early Sunday morning.

Police arrested John and Mary, 1124-102 street, owner of the store.

Thieves who entered premises of Tarrabhai Grocery, 900-118 avenue early the same day, were reportedly disturbed by Owner Mahmud Tarrabhai told police nothing was taken by intruders who broke a window to enter the store.

Edward IV of the House of York was 6 feet 3 inches tall.

PLAYING FOR FOUR YEARS

This year's champion, Walter Muir, is typical of most of the boys who learned their piping with the band during his 31-year history.

He acquired his love of the bagpipes from his Scottish-born father, Walter Muir, who learned to play the bagpipes from his father, James Muir. But he needed little urging to join the band at eleven, proving his musical ability with a second and a third prize in the 1947 junior contest.

He took two Junior first prizes the following year and under the rules of the competition moved up to senior competition, taking a first prize. Last year, he won the senior event and repeated the feat this year.

But already another young piper is threatening his supremacy. Saturday night, 14-year-old Alex Thompson, 1142-102 street, repeated Muir's feat of two years ago by winning two Junior first prizes. Moved up to senior competition, he placed second and senior strathspey and reel.

Parolee, convicted of having Narcotics

New Westminster penitentiary parolee John Petrik, 35, was released to one year in jail and \$400 fine when he pleaded guilty in Edmonton police court Saturday to a charge of illegal possession of narcotics.

The sentence meant Petrik, who was charged with four years imprisonment. He was out on parole after serving six years of a nine-year manslaughter term, and now must serve the other three.

Petrik was arrested in a Jasper Avenue rooming house by RCMP Corp. Herbert Silver and city police detectives Monday for marijuana.

Police arrested J. B. Aird and Jack Langford, last Thursday.

THEIR FIRST show began Monday for youngsters Darken Mesporran, 12, of 1132-83 street, and cocker spaniel "Edmonton Twinkle Toes 1", of the same address.

American Exhibitors Lead Edmonton's Dog Show List

Social event of the year is currently taking place for Count Doo de Shilo, Senator Turf of Manitou, Lady Thelma of Abbottford and Baron Raven of Hague's Hill.

They are among the 173 artists of dogdom attending the annual two-day spring dog show in Prince of Wales Armoury.

Officials of the English Cocker Spaniel Club of Alberta, sponsoring organization, relate the show as the best ever held in Edmonton.

NEEDED PUMP MAY COST OVER \$19,000

A \$19,107 "touch" faces the city for an additional water pump at the power plant.

Superintendent W. L. McFarland says it will be needed by summer of 1951 to assure adequate condemning water.

City council will be asked tonight to authorize placing order with Babcock-Wilcox and Goldie-McClulloch Ltd., the \$19,107 to be placed in departmental estimate.

Tenders have been called for motor and pump and nine bids ranged from the low \$19,107 recommended by commissioners, to \$30,725.

SAFETY CLUB NEWS

Jasper Promotes Move For Safety

By Cecil (Tiger) Goldstick
Bulletin Safety Club Director

The Bulletin Whippers Safety Club has scored a smashing hit in the busy tourist centre of Jasper.

A letter to The Bulletin from Mrs. Alice Hartley at Jasper reports that The Jasper Home and School Association has decided to sponsor The Bulletin Whippers Safety Club in the tourist region.

Jasper is 240 miles west of here.

We would like to enroll every child in Jasper in this club, wrote Mrs. Hartley.

MOTIVE OF OTHERS

This is the motive of many Americans who bring their dogs to Canada. To become Canadian champions they must get 10 points under each of three different judges. At this show, American exhibitors have the opportunity to exhibit under two different judges and gain two thirds of their requirements.

It works both ways, as many Canadians take their dogs across the line to try for an American champion rating. The champions did this with a prize Borzoi (Russian Wolfhound) owned by Mrs. Clyde Ritchie of Okanagan Mission, B.C.

"Best of group" awards will be made in today's show to top sport dogs, sporting hounds, working dogs, terriers, toys, and non-sporting dogs. A "best of show" award will also be made.

Judge today is Ed P. Tuon of Whitehouse, N.Y. Tuesday, Robert Thomson of Calgary will judge the second show.

Destroyer Picks Up Four Survivors

CAN JUAN, Puerto Rico, April 10 — (AP) — The Navy here announced today a U.S. destroyer has picked up four survivors from an amphibian plane which crashlanded 40 miles south of Kingston, Jamaica, yesterday. There were no immediate details.

First Undulant Fever Case Reported For Current Year

Edmonton's first undulant fever sufferer of 1950 was reported today by Dr. G. M. Little, medical officer of health.

The male packing plant employee, who contracted the disease in handling raw meat, is now in hospital.

Last year there were two cases of undulant fever, both picked up from raw milk. The previous year there was only one, but in 1947 there were nine.

"While the death rate from undulant fever is low, the disability rate is high," said Dr. Little.

Disease hangs on for years, although several new drugs offer hope of complete cure.

Only half of one pet cent of Edmonton's milk supply is now protected by pasteurization.

Two Men Lose All In Dwelling Blaze

A small dwelling at the rear of residence of Mrs. Jerry Whitman, 1460-122 street, was almost totally destroyed by fire early Saturday.

Building was occupied by Alfred Croft and Thomas Villanueva. They lost all belongings in the blaze which was quelled by crash truck from No. 2 firehall before it could spread to adjoining buildings.

Cause of the fire is unknown.

Still Riding High

MILFORD, Mass.—UPI—Charles S. Brown celebrated his 84th birthday by taking a bicycle ride, a daily practice he has not missed for 75 years.

THE ANNUAL Y's MEN'S RADIO AUCTION

Will Be Held on April 15-17-18 Over CFRN, 9 P.M.

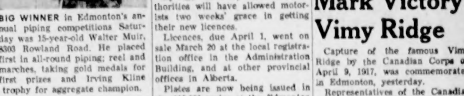

Proceeds for Boys' Work

"INVEST IN THE FUTURE"

Merchants who have not been canvassed for a donation are invited to phone Ernie Allison at 74922

DRINK Coca-Cola

The pause that refreshes

BIG WINNER in Edmonton's annual piping competition Saturday was 15-year-old Walter Muir, 8303 Rowland Road. He placed first in all-around piping; reel and marches, taking gold medals for first prize and Irving Kline trophy for aggregate champion.

Continuing Shortage Seen For Teachers

Alberta teacher shortage, estimated at 2,000, will continue until a depression returns or until teachers are paid professional salaries.

Eric C. Anley, general secretary-treasurer of the Alberta Teachers' Association, told more than 200 teachers at the opening of the three-day annual general meeting in Calgary today.

The councilors from every part of Alberta will discuss salaries, pensions, and tenure of office as well as matters pertaining to the educational world during the meeting.

J. C. Seymour of Calgary is presiding.

Another licensing custom carried on here is the granting of a plate bearing the current year's license number to the holder of a license.

Labor Again Urges Jobless Works Plan

Two Union Heads Stress Outlook More Bleak Than Gov't Admits

OTTAWA, April 10.—(CP)—The leaders of Canada's two major labor congresses have renewed their demands on the government for immediate action to stem the country's unemployment.

Officials of both the 500,000-member Trades and Labor Congress of Canada and the 350,000-member Canadian Congress of Labor described the unemployment situation as "serious and dangerous."

No time should be lost in launching "properly executed" public works projects, they said.

TREND NOT JUST SEASONAL
"Unemployment is serious in Canada," said TLC chief Percy Bengeough.

"We placed our views before the government months ago and warned them of the danger, but it doesn't seem to register."

Pat Connor, secretary-treasurer of the CCL, said his organization was convinced that the present situation "is more than seasonal unemployment. A permanent trend toward unemployment is setting in unless something is done by the government."

Guggenheim Scholarships Given To Six

NEW YORK, April 10.—(CP)—Six Canadians have received research fellowships, the John Simon Guggenheim Memorial Foundation announced.

Total value of the fellowships awarded to the six Canadians is \$16,000.

Northrop Frye, professor of English, Victoria college, University of Toronto, received the fellowship for research into micro-wave spectroscopy in terms of molecular energy levels.

Dr. Nicholas Polunin, professor of biology, McGill university, will prepare a book on Arctic botany.

Dr. Kenneth Meyer Seton, head of the history department at the University of Manitoba, will finish a book on the subject of Athens during the Middle Ages.

A former faculty member of Queen's university, Kingston, Ont., who is also an RCAF veteran, Dr. Gregory Vlastakis, professor of philosophy, Cornell university, Ithaca, N.Y., received a fellowship to make a study of the development of the moral and intellectual concepts of Greek democracy.

Mother And Son Die In Blaze
ST. HILAIRE, Que., April 10.—(CP)—A 50-year-old mother and her 2-year-old invalid son were burned to death yesterday when their fireproofed home in this community 2½ miles east of Montreal.

The victims were identified as Mrs. Philippine Malo and her son, Philippe. Two other members of the family, Fernand, 20, and Cecile, 18, saved themselves by jumping out of a window.

Michigan claims the largest acre white pine, a tree measuring 17 feet, 10 inches in circumference. The state also has the largest wild spruce, eight feet, nine inches in circumference.

STUB-TAILED MOUSE 'TASTY'
The Franklin expedition of the middle 19th century perished because of the inability of its members to prepare food that can be found in the barren Arctic.

The Air Force included its northern cooking "know-how" in the world's most unusual cook book, "Airmen's Cook Book."

The CCL, has a membership climbing close to 350,000, while the CCLC, has a membership of 350,000, most of them in Quebec.

The CCLC stand was that if pensions were administered by industry, Canadian workers would be "stagnated and put in a straitjacket."

It said the entire national labor force would become rigid, and industry sponsored pensions would work against, rather than for, the older workers.

The TLC said older men and women would be prevented from changing from one trade to another for fear of losing any money coming to them.

The congress said the older workers would not be accepted following industry because they would likely take more out of pension funds than they would contribute.

For this reason the TLC urged a solely government-operated pensions scheme.

Meanwhile both the CCL and CCLC were on the other side of the fence. They wanted a government-sponsored pension, but they wanted industry to kick in, too.

The CCL already has started along the road to attaining this end by trying for pensions for Ford workers at Windsor, Ont., and similar ones for men and women who make General Motors products at Oshawa, Ont.

**House Costs
Going Higher
Expert Says**
By JAMES R. NELSON
Exclusive To The Bulletin

OTTAWA, April 10.—(BUP)—Home-building costs will continue to rise in 1950 but the most probably will be more moderate than it has been for several years.

"We're not over the hump yet so far as building costs are concerned," the official said. "But we should be nearing the peak this season, and by 1951, or 1952 at the latest, prices should start dropping off."

The official who declined use of his name but is rated one of the government's top housing experts, said he did not expect a "burst" in the house construction industry following today's boom.

He said the backlog of orders and the demand still was too strong to allow any sudden, drastic drop in prices.

Domestic Bureau of Statistics said construction costs were nearly 80 per cent higher than five years ago.

"Labor department statistics show that the same unemployment did take place between 1937 and 1939 has taken place from 1947 to the present."

This backs our contention that the government needs to take immediate action, rather than try to "wait for the market."

FEWER DRAW INSURANCE
The Bureau of Statistics reported the number of Canadian jobless claiming unemployment insurance benefits fell off sharply in March.

The CCL, has a membership climbing close to 350,000, while the CCLC, has a membership of 350,000, most of them in Quebec.

The CCLC stand was that if pensions were administered by industry, Canadian workers would be "stagnated and put in a straitjacket."

It said the entire national labor force would become rigid, and industry sponsored pensions would work against, rather than for, the older workers.

The TLC said older men and women would be prevented from changing from one trade to another for fear of losing any money coming to them.

The congress said the older workers would not be accepted following industry because they would likely take more out of pension funds than they would contribute.

For this reason the TLC urged a solely government-operated pensions scheme.

The CCL already has started along the road to attaining this end by trying for pensions for Ford workers at Windsor, Ont., and similar ones for men and women who make General Motors products at Oshawa, Ont.

**Calgary Probes
Shoplifting
Outbreak**
CALGARY, April 10.—(CP)—Three persons were arrested and a large quantity of stolen goods recovered Saturday in what police said may be an active shoplifting ring.

Charged by police were Miss Louise Lafay and John McGregor.

**10 Families Homeless
In \$250,000 Fire**
MONCTON, N.B., April 10.—(CP)—Ten families were left homeless early yesterday when a \$250,000 fire, fanned by a howling gale, razed through a main street business and apartment block here.

Firemen fought the flames in below-freezing temperature while residents of the building escaped in night attire leaving behind all their possessions.

The fire broke out at midnight and the fire chief said it apparently started in a tobacco shop.

**Jamaica Unions
In Labor Fight**
KINGSTON, Jamaica, April 10.—(CP)—Members of the Bureauxs Industrial Trade Union and the rival Trade Union Congress battled in the harbor here today and one UTC motor launch was sunk following heavy stone throwing from fast-moving vessels.

The pitched sea battle started after an argument as to which union should load the freighter Palmyra Harbor. It came to an end after a police superintendent fired three warning shots into the air.

Burglar Killed
MONTREAL, April 10.—(CP)—A Montreal burglar shot and killed by police during Friday night, was identified today as Norman Campbell, 28-year-old thug, who once boasted that he would "never do time again."

Campbell was shot through the heart when police surprised him and a companion as they were trying to jimmy their way into a drug store on St. Lawrence Boulevard.

**Men Are Still
Building the West**
The people we serve are pioneers. They are developing new methods, improving service to the public, using the latest in building science. Home & Rumble offers them a complete electrical contracting service, complete from blueprint to installation.

Something New . . . Something Different . . .
"JEANIE WALKER" SHOES
A New Shoe to Wear With Those Ever Popular "Jeans"

● Made of blue denim.
● Lace style.
● Brass studded vamp.
● Grain and wedge heel.
● Composition soles.
● Comfort and light.
● Sizes 4 to 8.

At Woodward's, pair \$3.45
Ladies' Shoes, main floor

FOR MEN
"COWBOY KING"
Practical and hard-wearing blue jeans will play an important role in the wardrobe of the modern man. He'll wear them for gardening, for work round the house, and for leisure wear at the lake.

● 10-oz. buckskin denim.
● Riveted on all points of strain.
● Rider pant style.
● Wide belt loops.
● Full complement of pockets.
● Sizes 28 to 36.

At Woodward's, pair \$4.25
Men's Wear, main floor

FOR TEENS AND MISSES
Here Are Practical Slacks for the Pert and Practical Miss!
● Quality hard-wearing material.
● Full sized pockets to add to that jaunty casual air.
● Full sized for proper fit.
● Riveted pocket trim.
● "Sanforized" shrink to retain fit.

● Zipper side fastening.
● Sizes 14 to 22.
At Woodward's, pair \$2.95
Sportswear, second floor

FOR JUNIOR GIRLS
For carefree fun in the sun . . . blue jeans. The girls love them because they're so practical for "roughing it." Here is an economical way to clothe them for play and holiday at the beach.

● Sanforized blue denim.
● Pockets.
● Belt loops and rivet trimming.
● Zipper side fastening.
● Sizes 8 to 14X.

Pope Prays For Return To Justice

Half-Million Hear Pontiff as World Celebrates Easter

By the Canadian Press
 Christianity's traditional Easter message of redemption, brotherhood and justice for all mankind resounded Sunday throughout a divided world.

At St. Peter's in Rome, Pope Pius XII, during a Holy Easter service estimated at 500,000, prayed for the return of justice and peace to the world.

Only after mankind has made a return to the path of justice, the pontiff said in his Easter message, can the world be a place of peace and brotherhood.

The pope, who is 67, said in his Easter message that the world is in a state of "grave moral crisis" and that the only way to a better world is through a return to the path of justice and peace.

The pope's message was heard by millions of people in many parts of the world. It was also heard by the millions of people who gathered in St. Peter's for the Easter service.

PIPERS GREET ALTA. WOMAN IN SCOTLAND

FRESHFORTH, Scotland, April 10.—(CP)—Three brave Scots pipers, killed and wounded, greeted "The Road to the Hies" as Mrs. Isabel Morrison, 50, stepped slightly behind them from a TCA plane here.

She didn't recognize them at first. Then she realized that two were her brothers, John and Roderick Macdonald, whom she had not seen for 28 years.

Mrs. Morrison was on route from Shady Nook, Alta., to visit her 80-year-old mother in the Hies.

"I never expected a welcome like this," she said, "if I had have come home much sooner."

Another passenger was Mrs. Morrison's cousin, John Macdonald, who was returning to Scotland after more than 30 years abroad.

Road Delayed Due to Gravel

LLOYDMINSTER, April 10.—Main route road from Kitchissippi to Vernon was not being surfaced this year was due to lack of suitable gravel.

This is what Anders Aalberg, M.L.A. of Alexandria constituency, told members of the board of trade here at a banquet Thursday.

Mr. Aalberg explained that because of the shortage of gravel, the road from Kitchissippi to Vernon was not being surfaced this year.

Contracts Are Let For Five Pumping Stations

Contract has been awarded for five pumping stations along the Canadian leg of the Interprovincial Pipeline system.

Successful bidder was Bird Construction Company Limited of Winnipeg, Regina and Calgary.

Stations will be located at Edmonton, Kerrobert, Sask. Regina, Cromer, Man. and Gravelly, Man.

Contract calls for completion of Edmonton station by Sept. 15. Others will be completed between then and Oct. 30.

Stations at Edmonton and Kerrobert will be equipped with four centrifugal pumps driven by 1,000-horsepower engines. Others will have three centrifugal pumps driven by 800-horsepower units.

The club now has a full complement including an electric pump machine and a three burner propane stove.

UN Without Russia Is Present Prospect

Soviet Refuses To Participate Until Chiang Delegate Expelled

By Norman Altshuler
LAKE SUCCESS, N.Y., April 10.—(CP)—The United Nations is stalled at a cross roads.

JACOBY on Canasta

FOR BEGINNERS—11
We have been watching the first round of play in a game of Canasta, and it is now time for West, who started things off, to make his second play. The top card of the discard pile is a queen, and West leads it.

A K-K-K 3-4-5-5-5
West cannot touch that queen, so he must draw from the stock. He picks up another jack and puts it into his hand. While he is wondering what to do, let us not overlook the fact that West's partner has already melded joker-jack-jack.

After a moment's thought West adds his two jacks to his partner's meld. When it is your turn to play you may always add one or more cards to the melds made by you or your partner, but you may never add to melds by an opponent.

You might notice also that East had put his three-card meld right in front of him. When West adds two cards, he puts them together with the original meld. In front of him, West adds two more cards, he puts them together with the original meld.

East, All partnership melds are kept on one side of the table, and no distinction is drawn between cards melded by one partner and those melded by the other partner. If you like things to be done in the customary style, you can even follow the custom that indicates which of the two partners keeps the meld in front of him.

If West wanted to do so, he could meld his kings or his fives, or both. However, he decides not to meld anything more, and he completes his play by discarding the seven.

FOR EXPERIENCED PLAYERS

In the first part of this article we saw that West declines to make three or four or five, but does put down two jacks together with his partner's earlier meld of joker-jack-jack. What is the basis for his choice?

The reason for holding up the kings and fives is familiar to most experienced Canasta players. It doesn't pay to reduce sharply the number of cards in your hand, particularly early in the play of a hand. If you do, the opponents will have to free the stock, and then your reduced number of cards will make it either difficult or impossible for you to get the discard pile.

For the reason for putting down two jacks, West wants to make sure of a four-card base for a canasta. Every canasta must include at least four natural cards, and good players will avoid adding wild cards to any meld that contains fewer than four natural cards.

Once West has added the two jacks, the meld consists of four jacks and a joker. Now East knows that he can afford to take that meld seriously. If East wants to bid two wild cards, the meld will become a canasta. That must be the wisest course for East with certain types of hand.

It is sound play to establish a base of four natural cards fairly early in the play of a hand. Sometimes it may even pay to establish two such bases, so as to have a choice. There is no advantage to setting up more than two such bases during the early stage of the play.

HIS GRAVE GUARDED

Ford Assets \$1.5 Billion All Owned by Family

By DAVID J. WILKIE
DETROIT, April 10.—(AP)—Henry Ford, famed auto industry pioneer, still is as carefully guarded in death as he was in life.

It was three years ago that the noted industrialist died of a cerebral hemorrhage. Ever since, his grave in the family cemetery on the Ford estate in Dearborn has been kept under the most rigorous guard.

The small cemetery is a simple one, about 100 by 40 feet in size. It was merely a spot in the farm of one of Ford's uncles when it first claimed one of the family.

Today it is in the centre of a beautiful estate. In the iron picket fence enclosure sleep Ford's relatives, and perhaps a brother and sister. In the body of Ford's father, his only son. He preceded his father in death and is buried in the cemetery that holds members of his widow's family.

The grave of Henry Ford is completely covered with a mar-

"YOU'RE LATE again, Perkins . . ." "I DON'T like pink."

Inside Hollywood

By Bob Thomas
HOLLYWOOD.—(AP)—Movieland's public relations in the opinion of many thinking people here, are at their lowest point since the black years of the early '20s.

Back in those days, the movie industry was also threatened with federal regulation. The notorious death of a star, a murder involving two actresses and a manslaughter charge against a publicist brought down a torrent of public criticism.

If a scandalous case, the first break is likely to come in the 11-member security council, the film peace-keeping body. Five of the council's members have recognized Communist agents, and they are now in the custody of the FBI.

Now it is 1950 and another scandal—Edwin J. Collins of Colorado is being investigated for alleged espionage. Back in the '20s, the movie industry saved its public image by hiring postmaster general Will Hays from President Harding's cabinet. Hays was a distinguished star told moviegoers that the industry was not a place for sin.

Syndicates Smuggle Arms Into Indo-China

By Seymour Topping
SAIGON, Indo-China, April 10.—(AP)—International forces are reported smuggling about \$500,000 worth of small arms a month from Thailand (Siam) into Indo-China to supply both the Communist-led forces of Ho Chi Minh and various dissident guerrilla groups.

Well-informed quarters which make this estimate say it is a conservative one. It covers only activities of known smuggling gangs. Others may have kept their operations completely dark.

These sources say the traffic includes automatic weapons, rifles, pistols and grenades. Payment for the bulk of it is made in Indo-China piastres at the rate of 12,000,000 to 25,000,000 a month. The piastre is officially worth five U.S. cents but sells on the open market in Hong-Kong for two cents.

Barakka is described as the coordination centre for the arms trade, but Manila is said to be the central supply point, not only for Indo-China but for the other dispirited areas of southeast Asia.

Seaplanes and fast motorboats can easily land their cargoes on seaplanes of the Thailand coast, where they are either guarded or not controlled by the Bangkok government. From there the arms move into Indo-China.

Monday mumbings... and whatever comes of circus curiosity Joe Louis?

Eleven husky hockey greats milling round the crease, with stick and elbow out and manhem in their hearts. Eleven tired hockey greats milling round the crease, then one slapped the baset hit, who else but Leo Reise?

Personal thoughts on the upcoming Stanley cup final: It would be a great thing for hockey, to say nothing of what it would do for those puckchuckers who learn more to skill than brawn, if the homeless New York Rangers were to snatch the battered old mug. Quite conceivably a Ranger success would mean a revival of the razzle-dazzle, checkerboard type of play made famous by previous New York squads. The clutch-and-grab, win-at-any-price tactics, that have paid off so handsomely for Toronto Maple Leafs, for instance, would disappear. Hockey would be—hockey—again for a change. On the other hand, isn't it a corny situation in which the NHL finds itself when a Stanley cup finalist gets booted out of its home rink because a circus has prior rights?

Imagine, if you can, the Yankees running into the same switch at World Series time. Can you see them vacating Yankee Stadium so that a lot of clowns and hippies could move in?

Maybe Clarence Campbell should tap baseball commissioner "Happy" Chandler's wires or something and find out how the diamond men do it.

Add travel-bureau-notes: Reports have it that Bill Gadaway, Chicago Black Hawks' defenceman, and John McGill, Providence Bruins' forward, have headed off to Florida on a holiday jaunt. If so, it's 6-5 and take your pick that McGill, who likes to watch the horses run, will look in on a race track or two down there. And while on the subject of Florida it seems timely to drop it in right here that Lou Davies, farm chart expert of the prairies, was a part-time student at University of Miami this winter. Davies, whose several winters in Mexico already have given him more than a nodding acquaintance with Spanish, took some "postgraduate" work in the language.

Three or four of those Elks from Kamloops, scheduled to show against Calgary Stampeders at the Gardens Wednesday, know their way around Satisfied Stadium. Don Campbell was an outstanding forward with the Canadians a few seasons back. Ken Terry used to come this way with Lethbridge Blades, as did Jack Forsythe, once of Regina Caps. Defenceman Jack Kirk was an unusual rear-guard combination with Flyers during the Riley Mullen coaching regime.

In many quarters Paul Thompson is rated with the best coaches in the land. One of his biggest boosters is Byron (Mutt) McDonald, whose Calgary Stampers are currently embroiled with Thompson's surprising Kamloops team. McDonald, traded under Thompson at Chicago, called him "the greatest coach I ever played for."

Whatever comes of the Miracle Mile? ... Darrell Meyers, California high school catcher turned down by John Ducey last summer, tapped Hollywood of the Pacific Coast league for a \$45,000 bonus when signed this spring. The youngster is scheduled to be shipped out to a Class C team for seasoning.

What goes, what goes, Al Anderson? Understand those Calgary get-arounds, quarterback Harry Irving and lineman "Baldy" Tomlinson, with McGill ("U") last season, will summer in Edmonton. Does this mean, Mr. Anderson, that you will chuck their studies back east in favor of a spot with Eskimos of the Western Interprovincial Football union? If so, why not let the customers-to-be in on the secret? ... Remember Bud Abbey, the Pagliacci (clown to you, chum) of Renfrew Park in the first seasons after the house that Meers. Henry Roche, Frank Hughes and Clarence Campbell caused to rise in the valley took over from old Diamond Park as baseball headquarters? Well, second-baseman Abbey, always good for a laugh-or-rough start in his playing days, stopped over in the city recently for a few days. He lives in the southern part of the province.

More and more it looks as though Ken Samis, in addition to handling the chores of general manager, also means to assume the role of field manager with Cal's Dodgers of the Big Four ball loop.

In this connection, wonder why either of the local entries in the Big Four doesn't smarten up and eye catcher Carl Mori, who's under relations with Calgary Bulls' late last season in the now-famed "rebellion," a chance? The Californian was close to the class of the league in the snubder department.

Whatever became of Avery Brundage?

Mulloy Prevails SAN BRUNO CALIF., April 10.—(AP)—Gardner Mulloy of Miami yesterday won the men's singles in the second annual Good Neighbor tennis tournament, defeating Tom Brown of San Francisco in the final, 3-6, 6-3, 6-3.

Ponder, It Is SAN BRUNO CALIF., April 10.—(AP)—Calumet's Ponder won the men's singles in the second annual Good Neighbor tennis tournament, defeating Tom Brown of San Francisco in the final, 3-6, 6-3, 6-3.

THEORY ... Calumet Farm's Derby Eligible

AND WIN RACE PASSES

Study Form In Derby Contest

Most folks who follow the sport of kings will have a theory about who is going to win the 76th running of the Kentucky Derby at Louisville on May 6th.

Plain Ben Jones has one, too—a handsome three-year-old by Pensive out of Nices, named Theory. And at this writing the Jones-trained Calumet colt is an 8-1 choice to win the famous Run for the Roses.

Theory will have a mighty race to run, though, considering such prominent eligibles as Oil Can, Your Host, Red O' Rees, and Quiz Show are likely starters. Oil Can, as a matter of fact, is the current favorite at 2-1.

For the present, however, local followers of the racing pastime would do well to study up on the classics of the various colts and fillies in the big list (136 at last count) of eligibles.

The Bulletin's third annual derby contest will be held again in connection with the classic. It is to name the order of finish of the first four horses.

Prizes in the form of passes to the 14-day August race meeting at the Exhibition Grounds will be awarded to the top four contestants.

Winner will receive a 14-day pass and the runner-up will be eligible for a seven-day pass. Third place is worth two passes to any single day of the meeting and fourth position merits a single pass on any one day.

In the event of ties, there will be a run-off in connection with the Preakness on May 13 at Baltimore, Maryland.

Commencing early next week, entry forms will be run every other day on the Bulletin sports pages. Each competitor will be permitted to fill in only one entry blank. A detailed list of eligibles also will be run next week.

Trusel suffered a slight concussion and hospital authorities reported he was in satisfactory condition late last night.

The fracas broke out as Melendy tied the Canmore team 3-8 with

four minutes to go. With two Canmore players in the penalty box, a third entrance was handed out to J. Sawchuk of Canmore who spectators said began to "rough up" the referee.

At this point, the spectator, whose name has not been released by police, leapt over the boards and allegedly assaulted Trusel.

Calgary won 14-8.

Calgary Referee Assaulted By Fan

CALGARY, April 10.—(CP)—Three police cars raced to Victoria Arena yesterday when a wild melee developed in the dying minutes of the Canmore-Calgary play-off game in the Big Six Hockey league.

Referee Jerry Trusel of Calgary, formerly of Edmonton, was taken to hospital with injuries allegedly caused by a spectator who police said will be charged with assault.

Trusel suffered a slight concussion and hospital authorities reported he was in satisfactory condition late last night.

The fracas broke out as Melendy tied the Canmore team 3-8 with

four minutes to go. With two Canmore players in the penalty box, a third entrance was handed out to J. Sawchuk of Canmore who spectators said began to "rough up" the referee.

At this point, the spectator, whose name has not been released by police, leapt over the boards and allegedly assaulted Trusel.

DOUG DODSON STEERS ARISE TO 'BIG' WIN

NEW YORK, April 10.—(AP)—Addison Stable's Arise, which had been second in his last two races, finally brought home the bacon Saturday for his Toronto owners by beating Olympia in the \$24,450 Excelsior Handicap at Jamaica.

The brown four-year-old son of Mr. Jid caught the favored Olympia in a blistering stride to win by 1 1/2 lengths.

Delegato was third, another 1 1/2 lengths in arrears. Arise, with Alberta-born Doug Dodson up, skipped the 11/16 miles over a fast track in 1:54 3/5. He returned 10:50, \$270, and 72.70.

Top Players Stick in PGA

AUGUSTA, Ga., April 10.—(AP)—The PGA tournament, which the United States Professional Golfers association Saturday for more action in opening tournaments. They will remain in the PGA.

Difficulties between the two groups were ironed out in adoption of a series of proposals which Tom Crane, PGA executive secretary, said will provide the players "with complete self operation of tournament affairs within the structure of the association."

George Snelcher, noted last Monday as PGA tournament manager, will not be included in the new set-up.

Among controversial points was a PGA plan to change the distribution of prize money in both \$10,000 and \$15,000 tournaments. Neither side said what was decided on this issue.

Reise in Hero Role Again As Wings Gain Cup Final

DETROIT, April 10.—(CP)—Blond Leo Reise, firing his second payoff goal of the Stanley cup series, last night gave Detroit Red Wings a 3-1 overtime victory over Toronto Maple Leafs.

Reise got out the victory into the final round of the National Hockey league playoff against New York Rangers.

A tremendous 15-foot drive whistled by Walter (Tuck) Brode in the Toronto nets at 8:38 in the first overtime period and gave the NHL champions a 4-3 margin in a game in a thrilling-packed semifinal round.

TWO-TIME HERO

It was only Reise's second tally of the series, but he was scored in overtime, breaking up games the Red Wings had to win.

His score in the fourth game gave Detroit a 2-1 victory and enabled the Wings to draw level with Leafs at two games apiece.

For the Leafs last night's loss ended a three-year reign as holders of the trophy.

Victory was the second straight shutout for Detroit goalie Harry Lumley, who blanked Leafs 4-0 in Toronto Saturday night. Scored late at the end of the third period marked the fourth time in seven games that Brode had held the Wings scoreless in regulation time.

It was a sweet triumph for the Detroiters, beaten the last two years by Toronto in the Stanley cup finals.

BITTER SERIES

Detroit's victory ended one of the most colorful and bitterly contested series in NHL history, starting off with a first-game injury that sent wingman Gordie Howe to hospital for a brain operation.

Neither team went in too much for rough play last night as they played a hard-checking tight game.

League officials announced after the game that the playoffs would open here Tuesday night, with games at Toronto Thursday and Saturday. Other games were set for April 18, 20, 22 and 23 as needed in the best-of-seven series.

Rangers will play their home games on Toronto ice, because a circus is at Madison Square Garden in New York this month.

SYDNEY SQUAD EASY FOR QUEBEC CHAMPS

SHERBROOKE, Que., April 10.—(CP)—Sherbrooke Saints advanced to the eastern Canada senior hockey finals here Saturday night by blanking Sydney Millionaires 5-0.

Victory gave the Quebec senior hockey league titleholders a clean sweep in their best-of-seven series with the Millionaires.

The Saints, whose roster includes Edmonton product Ray Barry, now will meet Toronto Marlboros in a best-of-seven series for the eastern crown.

Marlboros and Sherbrooke will meet in the first game of their series Wednesday night at Sherbrooke.

AHL PLAYOFFS

Barons Beaten By Caps, 4-3

INDIANAPOLIS, April 10.—(AP)—Indianapolis Capitals won their third straight game from Cleveland's string veterans last night, 4-3, and need only one more for a clean sweep of the American Hockey league's Calder Cup final playoffs.

A crowd of 8,822 watched Barons win the lead in both of the first two periods at 1-0 and 2-1. But the young Caps tied it up both times and beat goalie Johnny Bower twice within five minutes in the final stanza.

Nelson Podolsky broke the last tie at 10:02 of the final period.

Paul Lusk, former Saskatoon Esko, scored the first two Indianapolis markers with Gordon Halby getting the latter. Steve Weeber, who scored the first two Cleveland goals with Bobby Carr getting the third.

BALTIMORE, (UP)—Stanny Roy, 141, Washington, D.C., outscored the first two Cleveland goals with Bobby Carr getting the third.

Reds To Set Up Prague Institute
PRAGUE, April 10.—(AP)—The Socialist Party newspaper, Svobodne Slovo announced today that the ministry of education, science and arts has reserved 10,000,000 crowns (\$200,000) in its budget for a Soviet institute in Prague. The institute will enable Czech scientific workers to visit the Soviet Union and invite Soviet scientists to Czechoslovakia.

More than 3,500 fans saw a game in which the winners were outplayed. They scored twice while the Manitoba champions were staying the penalty box. One penalty saw Brandon coach Les Cunningham launch a fiery protest.

Defenceman Bob Chynal drew a major for a fracas in which Bill Davidson, Bruin's opening number, was injured. Referee Leo Baril, Bruin's mentor, called his attention to blood trickling down Davidson's face.

Cunningham said Mullen was swayed by persons on the Bruin team, and that there was "a (major) coming to Davidson as well." He pointed the blood showing on Chynal's head.

"I'm not trying to take credit away from the Bruin," he said, "but from the referees all I want is a fair break."

Dave Whalen and Bobby Wright split the four Port Arthur goals.

Amus Juckes, seconds after teammate Chynal's banishment in the center, gave Wheat Kings a temporary lead, and Reg Abbott and Joe Zuback scored in the third.

U.S. Plane Gone With 10 Aboard

WILSBADEN, Germany, April 10.—(AP)—United States Air Force headquarters yesterday announced that a navy patrol plane with a crew of 10, vanished Saturday on a training flight from Wiesbaden to Copenhagen. The plane, a Catalina, officially declared missing at midnight, when its fuel supply would have been exhausted if it had been continuously in the air.

Of the countless thousands of fans who heard the game on the radio or watched it on television, none was more vitally interested than the lone figure who saw it on a television set at Detroit's Harper hospital.

He was the injured Gordie Howe of the Wings. One of the first things the Detroit players did after the game play New York," he said.

Millionaires Have Leafs on Ropes

LETHBRIDGE, April 10.—(CP)—Melville Millionaires raced into a 3-1 lead in the best-of-seven series for the western Canada intermediate hockey championship here Saturday night when they pinned a 4-2 setback on Lethbridge Maple Leafs.

CAGE FINAL

Melville can wind up the series tonight when the two clubs meet in the sixth game.

Eilers Pound

Toronto, 60-53

TORONTO, April 10.—(CP)—Vancouver Eilers, western Canada champions, came from behind in the second half here Saturday night to trim Toronto Montgomery Maltis 60-53 in the opening game of their best-of-five Canadian senior girls basketball final.

Eilers' cagey centre star, Beverly Slater, set the scoring pace for the night with 13 points.

Coach's edge in height and speed showed over the backboard and on tip-offs. The Montgomery girls, however had superiority when it came to set shots and their screen plays worked to telling advantage.

First Period: Melville, 10-20. Second Period: Melville, 40-30. Third Period: Melville, 60-53.

LA PAZ, Bolivia, April 10.—(AP)—The government has decreed modifications in Bolivia's foreign exchange laws and banned importation of many luxuries and non-essential goods. Wage increases for white collar workers and laborers also were decreed.

The measures were taken to counter a dollar shortage with which the government has been struggling for months.

Previously, under a decree issued Feb. 25, there had been three exchange rates. Food imports were given a rate of 40 bolivianos to the dollar under the Feb. 25 measure; articles needed for industries were imported at a rate of 60 to the dollar; and imports of luxury goods had to pay 100 bolivianos for three dollars.

The February decree prohibited the importation of automobiles, radio sets and electrical appliances. A series of six decrees issued today enlarged the list of prohibited articles. Now prohibited are im-

Black-Hawk Coach Biding His Time

TORONTO, April 10.—(CP)—Bill Tobin, president and general manager of Chicago Black Hawks, said last night he will coach Hawks in the National Hockey League again next season.

"Charlie wants a day or two to make up his mind whether to continue in hockey or to devote all his time to his oil interests in western Canada," said Tobin, who was here for the Stanley cup semi-final between Detroit Red Wings and Toronto Maple Leafs.

Tobin mentioned a report that Coach might be coaching of Boston Bruins and said "Charlie told me he was not interested in the Boston job. Bruins recently released George Boucher, coach of this past season.

Coach, high-scoring right wing for Toronto Maple Leafs in his playing days, took over the coaching post with the Hawks during the 1946-47 season and continued again last season.

ST. LOUIS, April 10.—(AP)—Eddie Goodfellow, coach of St. Louis Flyers of the American Hockey League, said yesterday: "I'm very satisfied here."

He was commenting on a story published in Montreal that Charlie Conacher, manager of the Chicago Black Hawks of the National Hockey League, will be named coach of Boston Bruins next season and so replaced at Chicago by Goodfellow. The story was attributed to an NHL source.

Goodfellow said he had talked with several persons last week about the possibility of St. Louis becoming a Chicago farm club but had no one had suggested he change jobs.

"I'm very satisfied here," he added. "I would have to be a very attractive offer and they would have to meet my terms. No one had approached me."

Communism Offers No Early Solution

Red Conversion Rests Heaviest On Overworked Chinese Farmers

By Chang Kuo-sin
Exclusive to the Bulletin

HONG KONG.—The changeover from nationalism to Communism has done nothing to relieve the burden of the Chinese farmers, who are still carrying the heaviest load of any class in China.

Co-ops Ask More Voice

By ALAN HARVEY

LONDON, April 10.—(CP)—Britain's 10,000,000-strong co-operative movement, sometimes called the sleeping giant of the Labour party, is showing a renewed interest in politics.

The movement, usually regarded as a little to the left of Labour, is demanding a more aggressive Socialist policy based on co-operative principles.

Specifically, it asks that co-operative leaders be consulted whenever Labour party policy involves either nationalization or fair control affecting the consumer. The co-operatives are now in annual conference at Great Yarmouth.

The co-operative movement has roughly 10,000,000 members belonging to 1,000 retail societies. These societies, each completely independent have organized two large wholesale societies in England and Scotland to handle their wholesaling and to produce certain goods.

It has been estimated that the proportion of the total retail trade done by the societies is: Milk 32 per cent; sugar, butter, bacon and cheese 25 per cent; coal 20 per cent and meat 14 per cent.

Japan is the world's largest producer of natural silk.

to have been made to stand in the hot sun the whole day long in punishment for their inability to pay the taxes.

In some areas farmers killed Communist levy collectors. Elsewhere, farmers resorted to sabotage—left their farms and fled to the cities, refused to cultivate their lands or sowed seed but no fertilizer. Southeast of Shanghai farmers refused to help repair the dikes against tidal waves.

CONDITIONS WORSEN

One friend visited many villages in the "old liberated areas" 40 miles south of Tientsin. He said as found conditions in all the villages bad. There were no houses with tiled roofs. All of them had straw roofs, and were dilapidated, with holes in the walls, looking as if no one had lived in them for years.

He asked one farmer why. The farmer answered, "we deliberately left our houses unrepaired, because if we have tiled roofs we will be called wastrels and neglectors of our production."

One day he saw a man carrying water from a well a mile away from his home. The man made no sound, and the farmer said he became curious, and asked the man. The water carrier replied, "Our village kungsi ordered me to dig, and some were left behind plant cotton this season instead of wheat. There is no rain. The kungsi said."

Rural discontent has helped in the operation of anti-Communist forces, such as the Ninth House Army and other so-called "anti-Communist national salvation corps." Some of these forces were formed spontaneously by the discontented farmers, some independently by Kuomintang strategists, and some were left behind by the Kuomintang Army command.

Many farmers in the Nanking-Shanghai area offered to give their land to the Communist in lieu of taxes and taxes, but the offer in all cases was rejected. Some farmers are convinced that their future from peasants) would be the largest item of revenue, bringing in 40 per cent of the total budget.

Finance Minister Po I-pao said farmers will be required to continue to bear the major share "public food" (food requisitioned from peasants) would be the largest item of revenue, bringing in 40 per cent of the total budget.

In some areas the Communists allowed grace until the next harvest for paying the requisitions. Some farmers were able to obtain remissions by pleading poverty, but elsewhere the Communist kangas (rank-and-file workers) were more severe, especially near Hankow, where farmers were reported

JAP SOLDIERS STILL BELIEVE WAR IS ON

MANILA, April 10.—(AP)—

Two Japanese soldiers came down from the mountains and surrendered yesterday, still believing their country was at war with the United States.

They told Philippine constabulary droppers in Pangasinan province they had become tired of living on roots, fruit and wild game for more than five years.

He said that they do the same thing in Sullen (Soviet Russia). Probably they do, but maybe they do it with machines, not human power."

Hural discontent has helped in the operation of anti-Communist forces, such as the Ninth House Army and other so-called "anti-Communist national salvation corps." Some of these forces were formed spontaneously by the discontented farmers, some independently by Kuomintang strategists, and some were left behind by the Kuomintang Army command.

Many farmers in the Nanking-Shanghai area offered to give their land to the Communist in lieu of taxes and taxes, but the offer in all cases was rejected. Some farmers are convinced that their future from peasants) would be the largest item of revenue, bringing in 40 per cent of the total budget.

In some areas the Communists allowed grace until the next harvest for paying the requisitions. Some farmers were able to obtain remissions by pleading poverty, but elsewhere the Communist kangas (rank-and-file workers) were more severe, especially near Hankow, where farmers were reported

China Famine

HONG KONG, April 10.—(UPI)—

The Chinese Communist radio claimed today that widespread famine on the Chinese mainland had been checked.

There was no confirmation on the report from other sources. But the broadcast claimed that large shipments of grain had been sent into stricken areas to check starvation.

Plot Failed

RANGOON, April 10.—(AP)—

A land mine believed to have been intended for two Burmese ministers is route to make peace proposals. Karen rebels who have been fighting for an independent state blew up yesterday killing a man.

Indians Rehearse Their Own Opera

DUNCAN, B.C. April 10.—(CPI)—

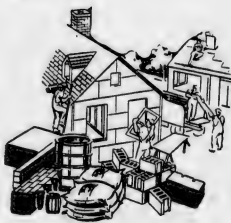

First public rehearsal of what is believed the first native Indian opera produced in British Columbia will be held here Tuesday.

The opera is called "Tanoak," or "The Thunderbird." Indian music has been written for it. Words will be in English.

The opera is from Indian legend. Twenty-five Indian men and women have held practices for some months, often twice weekly.

two women and a child. Rebels exploded the mine by cable, apparently mistaking a truck for the vehicle being used by the ministers.

Private U.S. Investment Increasing in Israel

By William R. Sears
Exclusive to the Bulletin

NEW YORK.—(BUP)—American private investment in Israel is increasing and will continue during 1950, an investor said today.

Abraham Dickstein, president of the American Palestine Trading Corporation which is the largest single American investor in Israel, said in an interview the future is most promising.

Greatest strides in AMPAL's seven year history were made in 1948, he said. "In excess of \$6,500,000 was invested by AMPAL in the financing of Israel projects during 1948 making a grand total of \$13,800,000 since the inception of the corporation."

ISRAELI INSPIRED
AMPAL is an American corporation whose establishment was Israeli-inspired and has three main purposes—mobilize American supplies and machinery to Israel and market Israel's products in the United States.

Dickstein, shortly after his promotion from secretary-treasurer of the organization, cited the \$13,800,000 investment in Israel as the firm's greatest achievement but added considerably more would be done.

In a review of AMPAL's achievements during its seven years of existence, Dickstein said:

\$25 MILLIONS TOTAL
"Besides the investment, we shipped \$3,000,000 worth of goods of Israel in fiscal 1949 bringing the total to \$25,000,000. This was done through the AMPAL subsidiary,

American Palestine Purchasing Services. Through another subsidiary, the Israel-American Shipping Lines, Ltd., we do the bulk of our shipping and have three ships in the fleet and are planning to buy another, sister to those we already have. Nearly 40 vessels were chartered besides. We have succeeded in marketing here over \$100,000 of Israeli products."

AMPAL's assets, Dickstein said, exceed \$10,000,000 derived from selling preferred stock and debentures here as well as from bank credit.

"The important thing to remember," Dickstein said, "is that this is strictly a business proposition where people can invest money for a return. The preferred stock bears a cumulative and participating dividend of four percent. Dividends in 1942 were \$1,000. Last year they totaled nearly \$400,000."

SECURE INVESTMENT
"AMPAL is a secure investment because we do not buy or sell for our own account but act primarily as a lending institution and brokers. AMPAL loans are repayable in dollars, assuring investors of a return in dollars regardless of exchange restrictions or controls."

Eleven new industries have been established in Israel through AMPAL's Special Fund for Processing Industries, he reported.

"They consisted of a paper works plant in Jerusalem; fish oil and fish meal plants in Eilat; a flour mill, an ice factory and a building materials plant in Beer-sheva; a concrete pipe plant in Kibbutz; a cigarette factory in Lydda; and two electrical motor plants, two ceramic factories and a stone quarry in Ramleh. In addition, AMPAL helped finance the Phoenix Glass Works, the building of the Sela Boneh edition, 'Little Pittsburgh' enterprise in Tel Aviv, consisting of two pipe plants, a foundry etc; an irrigation project in the Negev; the doubling of the productive capacity of the Phoenix Glass Works; the building of the Sela Boneh edition, 'Little Pittsburgh' enterprise in Tel Aviv, consisting of two pipe

Gambling Racket Is Windsor Plan, U.S. Paper Hears

DETROIT, April 10.—(CP)—The Detroit Free Press says today in a front-page story that "Detroit agents of the international gambling syndicate have his initials planned for Windsor."

The paper says the story is based on an interview between the unnamed Free Press reporter and another person identified only as "Mike," a longtime Windsor gambler.

The paper quotes its source as saying "the syndicate is staying in the background until things cool off. When the provincial police return to Toronto an attempt will be made to organize all of Windsor."

"He said that the gang planned to offer bookies and other vice operations, underworld protection. A member of the gang would be placed inside each bookie to act as a doorman. All would be armed."

The paper later quotes its source saying that "if the independent bookies won't cooperate, they'll merely disappear."

The preparation of leather is the oldest craft known to man, even older than textile weaving.

Canadian Trade

EDMONTON BULLETIN, Monday, April 10, 1950 15

South Africa's spectacular post-war industrialization may result in new trade opportunities for Canada, Stanley V. Allen, Canadian trade commissioner at Johannesburg, said here Saturday. Since entering Canada to meet businessmen, Mr. Allen said no other market has offered an outlet for such a wide range of Canadian goods since the end of the Second World War.

FINANCE BRIEFS

Sicks' Plan To Build New Brewery At Coast

Features of the annual report of Sicks' Brewery Limited for the year ended Dec. 31, 1949, are a continuation of the expansion and modernization program, construction of the new Vancouver brewery to commence in the next few months now that the site has been made available by Central Mortgage and Housing Corporation, a slight increase in sales and profits, and a strong financial position.

Dollar sales value for 1949 showed a slight increase of 1.5% over 1948, with sales of beer sold up 1.2%. Net production increased to \$2,370,634 or \$2.36 per gallon common as compared with \$2,280,482 or \$2.30 per gallon in 1948. Total income was \$4,172,240 as against \$3,910,781, while distribution was increased from \$1,510,350 to \$2,524,866 and provision for income taxes was \$1,514,989 against \$1,238,175. Dividends for the year totaled \$1.25 per share. The regular annual rate was increased from \$1.00 to \$1.25 in March 31, 1950, payment.

Willis Linnar, of Montreal, told reported a net profit of \$173,757 for the fiscal year ended Dec. 31, compared with \$248,458 the previous year. Net profit is equal to \$1.20 per share, compared with \$1.83 the previous year.

The working capital amounted to \$2,917,766 the previous year.

Steel Magazine today forecast a leveling off in demand during the last half of 1949.

The prediction came in the midst of a "highlining" supply and demand, and, moreover, was the immediate post-war position.

Steel said the slow-up may come when consumer inventories are replenished.

Canadian livestock producers had a tough time selling meat on foreign markets last year, but did a roaring business on the domestic front.

The average Canadian consumed 132 pounds of meat in 1949, an increase of 4.7 pounds per capita from the 1948 figure of 124.6, the Bureau of Statistics reported Saturday.

TORONTO.—Net earnings of The Great Lakes Paper Company for year 1949 are reported at \$1,730,344, versus after "A" and "B" dividends, to \$230,000 common share, compared with \$1,983,800, or \$4.40 a share, for 1948, when \$200,000 was provided for inventory reserve. However, for possible decline of inventory values, totalling \$800,000, at end of 1948 and estimated to be, progress, was not increased in

PROGRESS NOTED

Bank Pays Big Tribute To Growth of the West

By FORBES RHUDE

Canadian Press Business Editor

We are so accustomed with the great Canadian expansion of the last few years that perhaps we are inclined to forget past periods of growth which built the foundation and made possible the more recent advances.

However, the current monthly letter of the Bank of Nova Scotia reviews the Canadian economic scene since 1890, and gives a glance to the early years of the century. Says the letter:

Despite the better than last growth, the population of the west—the building of the west economy—was the outstanding achievement of the half century.

In the 14 years 1900 to 1914, nearly 2,000,000 immigrants came to Canada and more than 400,000 homestead entries were made.

The total population of Canada rose at the phenomenal rate of almost 50 per cent in these years, and that of the prairie more than doubled.

The effects of the settlement of the prairie can be seen in almost every economic activity. Railway building was fundamental to the expansion. A sizeable steel industry was built up, rising demands for agricultural machinery and other capital goods and for consumer goods of all sorts, and the establishment of a big four-milling industry to process western wheat.

Alberta Men Open Travel Bureau Here

Tired of Edmonton cold, Alberta men have opened a travel bureau here.

Two young Alberta businessmen have the answer to any traveller's

brought a marked general manufacturing expansion. Increased industrial and railway activity, and a multiphase development in output.

Though there was some further roundabout of the wheat economy, the emphasis in the west was on the increased exploitation of the mineral and forest resources of the prairie, Ontario and Quebec and of British Columbia, and on further growth in the manufacturing industries.

The whole problem springs from increased production in the Middle East. The related products from these plants will replace millions of refined products from the Caribbean area, particularly Venezuela.

Two new Viceroyan ships, which will leave a Vancouver shipyard, are being built here, and the U.S. and, if it reaches a definite stage, a launch to have a depressing effect on crude prices in North America.

The whole problem springs from increased production in the Middle East, and the consequent, rising price of oil, which is the world's most valuable commodity.

The world crude price in a state of fluctuation will probably not stabilize until the intervention of the manufacturing industries, which have been established in a year or two.

The new service, Holiday Travel Consultants of Canada Ltd., opens its Edmonton office, today under director Jack O'Brien and vice president Ed Ogden.

The parent company has head offices in Los Angeles and representative offices in all major cities of the world.

A branch is already operating in Calgary.

One of the more interesting phases of the work of the big travel company is the difficult job of getting people out of the world.

The Calgary office of the company, which has been successful in the past, has several persons from the Russian zone and is at present making arrangements to take a summer cruise.

Russian citizen, a particularly difficult matter to arrange. They have also brought scores of Chinese to Canada.

Services of the company are free, payment being received from the travel companies.

Both operators, Mr. O'Brien is from Mundare and Mr. Ogden is from Calgary.

GARTER FAD LATEST GIMMICK TO HIT PARIS

PARIS, April 30.—(Reuters)—The "garçon" or "garter" fad is the latest fashion in Paris. It is a new kind of underwear, a pair of garters, which is worn under the skirt, and is said to be a very popular item.

One of the girls, after a heavy fall early in the season, gave up after 16 months.

Green Favors Union Merger

WASHINGTON, April 30.—(AP)—African American leader, William Green, today strongly endorsed the idea of merging all American labor unions into a single organization, but avoided taking a stand on a CIO plan for all unions to be organized politically pending the merger.

Green was CIO president when he was elected to the AFL-CIO formation of "one strong, well-established labor organization" in 1945.

He also said he was referring Murray's idea of a political-economic coordinating committee to the AFL-CIO executive council for a decision when the council meets at the end of the month.

Murray proposed last week that the CIO, AFL, railroad unions and other labor groups join in such a committee and also work for organic unity.

"The gravest fear undoubtedly is the increase in international tension and therefore the danger of war," he said in an interview in the Communist-led newspaper, *Pearce Star*.

Reds Warned

ROME, April 30.—(UPI)—The government warned the Communists today that attempts to sabotage unloading of American goods from the port of Genoa would be dealt with as treason.

In England, Standard Oil Company (N.J.) is building a 100,000-barrel oil storage tank at the site of a 20,000-barrel tank destroyed by a fire in 1945.

These plans are being built near London to overcome the difficulty of doing business with sterling countries on account of the dollar shortage. They will purchase sterling credits from the Middle East, and sell for sterling money.

The solution, however, only increases the problem of increasing oil production in the Middle East. The related products from these plants will replace millions of refined products from the Caribbean area, particularly Venezuela.

Two new Viceroyan ships, which will leave a Vancouver shipyard, are being built here, and the U.S. and, if it reaches a definite stage, a launch to have a depressing effect on crude prices in North America.

Pacific Group Gets Wells At Redwater

By C. V. Myers

Bulletin Oil Editor

Pacific and Calvan Petroleum and associates have assured their group two more D-3 producers in the most southerly drilling yet to take place in the Redwater field.

Drilling on section 22, two miles west and half a mile south of Imperial Petroleum's D-3 in both wells and at a depth reported to be higher than Pacific Calvan Simmons No. 1, the most northerly well in the section and the nearest to previous production.

The southeast, or "Tribble" quarters of section 22 were bought at \$200,000. Crown lease for the area of 200,000. Many experts have lived the quarters would prove productive. Many experts have lived the quarters would prove productive.

The well is in the Redwater field, 15 miles north of the other three highly prolific.

SADDLE LAKE WILDCAT A new Devonian test wildcat has been started in the Alberta, in the Saddle Lake area, about 80 miles northeast of Edmonton.

Backers of the new well, Saddle Lake No. 1, are George G. Schuchman and W. McCann, independent American oil producers, of Indiana.

The well is in the Saddle Lake Indian reserve, about 35 miles southeast of the Calgary-Saskatoon No. 1 gas discovery well and about a dozen miles west of the well in the Saddle Lake Indian reserve, about 35 miles southeast of the Calgary-Saskatoon No. 1 gas discovery well.

The well was spudded early in April, surface casing has been set and the well is being deepened to its Devonian objective.

PRICE TREND While combined inventories of crude and refined products have been declining in the States, lending support to the belief that the price of crude will be set for some months, threats to the oil price structure are brewing further abroad.

In England, Standard Oil Company (N.J.) is building a 100,000-barrel oil storage tank at the site of a 20,000-barrel tank destroyed by a fire in 1945.

These plans are being built near London to overcome the difficulty of doing business with sterling countries on account of the dollar shortage. They will purchase sterling credits from the Middle East, and sell for sterling money.

The solution, however, only increases the problem of increasing oil production in the Middle East. The related products from these plants will replace millions of refined products from the Caribbean area, particularly Venezuela.

Alberta Men Open Travel Bureau Here

Tired of Edmonton cold, Alberta men have opened a travel bureau here.

GM BUILDING NEW PLANT IN OSHAWA

OSHAWA, Ont., April 30.—(CP)—\$200,000 central parts distribution warehouse will be built by General Motors of Canada on a 400-acre site on the southwestern outskirts of Oshawa for occupancy late this year.

S. A. Wecker, president, said the centre would facilitate the handling of service parts to the present eight regional depots across Canada and a ninth to be built at Montreal.

The building will have seven acres of space under one roof and the site provider room for expansion. It will accommodate 300 employees now quartered in existing parts department in Oshawa.

Some 40,000,000 pounds of replacement parts were shipped last week alone last year.

Livestock

Edmonton, April 30.—Total receipts: cattle 40, calves 23, hogs 329.

Munday's cattle receipts consisted mostly of railroad deliveries which will not be shown until later in the day. There were practically no sales up to noon. The early trend indicated a good market in prospect and salesmen were expected to be busy with last week's close.

Last quotations were: good to choice steers 23.00-24.00; good to choice heifers 22.00-23.00; good to choice cows 21.00-22.00; good to choice bulls 20.00-21.00; good to choice calves 20.00-21.00; good to choice hogs 20.00-21.00; good to choice pigs 20.00-21.00; good to choice lambs 20.00-21.00; good to choice kids 20.00-21.00; good to choice goats 20.00-21.00; good to choice sheep 20.00-21.00; good to choice horses 20.00-21.00; good to choice ponies 20.00-21.00; good to choice dogs 20.00-21.00; good to choice cats 20.00-21.00; good to choice birds 20.00-21.00; good to choice fish 20.00-21.00; good to choice insects 20.00-21.00; good to choice plants 20.00-21.00; good to choice animals 20.00-21.00; good to choice objects 20.00-21.00; good to choice events 20.00-21.00; good to choice concepts 20.00-21.00; good to choice emotions 20.00-21.00; good to choice attitudes 20.00-21.00; good to choice beliefs 20.00-21.00; good to choice values 20.00-21.00; good to choice principles 20.00-21.00; good to choice standards 20.00-21.00; good to choice criteria 20.00-21.00;
